24-HOUR MANDATORY BOIL WATER ADVISORY CITY OF GUYTON

Date: June 16, 2026

The City of Guyton has completed repairs to the 6-inch water main at the tap located near Magnolia Street and Brogdon Street.

As a result of this repair and the potential for pressure fluctuations within the water distribution system, a **24-Hour Mandatory Boil Water Advisory** is being issued for all customers served by the City of Guyton water system.

Effective immediately, customers must boil all water used for:

- Drinking
- Cooking
- Brushing teeth
- Making ice
- Food preparation
- Washing dishes
- Preparing infant formula

Water should be brought to a rolling boil for at least **one (1) minute** prior to use.

This advisory will remain in effect for a minimum of 24 hours.

The City of Guyton appreciates your patience and cooperation as we work to ensure the continued safety and reliability of the water system.

For additional information, please contact City Hall at **(912) 772-3353**.

Please share this notice with all residents, tenants, businesses, employees, and visitors who may be affected.
